supercomprimidos How to play: In this game, you'll have to click on the
tiles on the game board to make them disappear. The rule is, if you click
on two or more of the same tile simultaneously, you will lose a life. If
you are the first to lose all your lives, then the game is over, and you will
lose. Let's see how far you can get. How to play: In this game, you'll
have to click on the tiles on the game board to make them disappear.
The rule is, if you click on two or more of the same tile simultaneously,
you will lose a life. If you are the first to lose all your lives, then the
game is over, and you will lose. Let's see how far you can get. You may
have played a similar game called Sudoku. You see the similarities? It is
exactly like the game of Sudoku which you see in puzzles. Let's start
your adventure! Let's start your adventure! SUPERCOMPRESSION
Before, the concept of compression was well known in the audio field
and in film. Stereo sound was found much bigger than monophonic, and
film developers found that film images have a lot of information that
can be made more compact and be easily stored. And that's where we get
the concept of Supercomprimidos. Supercomprimidos is an interactive
board game which combines the concepts of Sudoku and the word
puzzle. UNTERRUMS The different difficulties of the game are based
in the number of letters, which is used by a person to make squares, and

the difficulty of the images to identify the solution of the puzzle. Each board has nine types of puzzle and difficulty, the 9 difficulty levels
